## ONE MAN KILLED.

The Result of a Wreck on the Air Line.

Conductor Jas. Miller, of New Albany, Loses His Life and a Brakeman Badly Hurt.

Special to the Leaf-Chronicle.]

LOUISVILLE, KY., June 25.—A wreck, as a result of which one trainman was killed and another seriously wounded, occurred on the Air Line railroad, between Riversville and Birdseye, seventy-five miles west of New Albany, at 11:20 o'clock last night.

A west bound freight was under way when it struck a broken rail and was derailed. Eight cars were thrown in a heap beside the track, the caboose falling on Conductor James Miller, of Albany, crushing him in a horrible manner and causing instant death. Grant Swearingin, a brakeman, was also caught in the wreck and badly injured.

## WHEAT HARVEST.

Indications that the Crop is the Finest Grown For Years.

T. A. McGehee returned this morning from a trip to Christian county and reports that there is no doubt about the wheat crop of that county being the finest for many years. The work of harvesting the crop has been pushed all the week and it is nearly completed. The crop will average over twenty-five bushels to the acre and it is of very fine quality, entirely free from the effects of rust and smut. Threshing will begin in a few days and the crop will be put on the market. This will make business lively and will put money into the pockets of the farmers. The general opinion is that the prices will open up at between 65 and 75 cents.

The many farmers that are in the city to-day from various portions of the county report that the majority of the wheat of the county is now in the shock, and that the crop is exceptionally fine. The weather has been excellent for harvesting, and it has been put in the shock in good condition.

## HIGH AND FIRM PRICES.

Comparative Statement of the Louisville Tobacco Market.

Special to the Leaf-Chronicle.]

LOUISVILLE, June 25.—The local tobacco market for the present week shows high and firm prices in high and low grades, while the feature on breaks has been a decided falling off in medium grades. Total sales for the week number 3,135 hogsheads. For corresponding week in 1891, 3,845 hogsheads, and for 1890 there were 3,276 hogsheads. Total sales from January 1 to date are 89,879 hogsheads. For corresponding time last year 81,237 hogsheads, and for 1890 75,885 hogsheads. Rejections during the past week number 761 hogsheads and the receipts 2,960.

## His Tramp Comrade Ran Away.

SPRINGFIELD, O., June 25.—A tramp was killed yesterday while attempting to board a Big Four freight at Yellow Springs street crossing. There was a fellow with him, who ran away when the accident happened. Nothing was found in the dead man's pockets to establish his identity. He carried the card of James H. Eckenberger, of Lockport, N. Y., and president of Spaulding Hose company No. 3. Upon the back of this was written William Curtis, Whitmore company, Lockport, New York.

## Things You Find in California.

SAN DIEGO, Cal., June 25.—Two prospectors, while on an expedition in Santa Clara valley, near Alamo, Lower California, noticed a couple of days ago two peaks alternately spouting smoke and flames at short intervals, the eruption being accompanied by rumbling sounds and an occasional quiver of the ground. They stopped long enough to satisfy themselves that two veritable volcanoes had opened. Later travelers confirm the report of the volcanoes, but say they are not as active as at first.

## VALUABLE FAIR EXHIBIT.

French Firms Afraid to Trust Precious Stones to Express Companies.

Special to the Leaf-Chronicle.]

WASHINGTON, June 25.—M. Monleith, one of the French Commissioners to the World's Fair, has made inquiry whether special facilities and privileges can be accorded to certain exhibitors of diamonds in regard to the transportation of their goods, the value of which is so great that the owners are unwilling to trust them in the hands of express or transportation companies. They would, therefore, like to accompany the goods, and so virtually, retain them in their own custody. The matter was referred to the Treasury Department, and Assistant Secretary Spaulding has decided that there is no good reason for any change in the regulations in this respect, inasmuch as the transportation of Exposition assignments is undertaken by responsible companies at their own risk, and subject to the restrictions of heavy bonds, with ample guarantee of safe delivery. He says there ought to be no doubt of the responsibility of these companies, as millions of dollars' worth of property are daily entrusted to their care.

## IMMIGRATION LAWS.

Petitions and Arguments of Members of the Turnebund.

Special to the Leaf-Chronicle.]

WASHINGTON, June 25.—The House Immigration Committee yesterday heard a committee appointed by the Turnebund convention, now in session here in connection with the various immigration bills before the committee. Mr. Muench, of St. Louis, president of the Turnebund, presented several resolutions adopted by the convention, to the effect that the present immigration law establishing the Bureau of Immigration was satisfactory. Mr. Muench argued in favor of the bill introduced in the Senate and House by Senator Chandler and Mr. Stump, but opposed the bills introduced by Senator Quay and Mr. Stone, of Pennsylvania. George W. Spie, of Washington, and P. Scherer, of New Ulm, Minn., argued briefly in favor of the Stump-Chandler bill.

Mrs. M. Schaeberger, Beaver Dam, Wis., writes: "We have used Dr. Thomas' Electric Oil in our family for Coughs, Colds, Croup and Rheumatism. It cures every time. Sold by T. H. H. Drug Co."

## William R. Grace's Son-in-Law Dead.

Special to the Leaf-Chronicle.]

SAN FRANCISCO, June 25.—William E. Holloway, the Peruvian Consul and head of the firm of Grace & Co., of this city, died yesterday. He was thrown from his horse four days ago and sustained a fracture on the leg, which necessitated amputation, and the shock in connection with blood poisoning, caused his death. He was a native of Baltimore and was married to a daughter of Mayor Grace, of New York.

## BLOOD MAY FLOW.

Chicamanga Battlefield the Scene of Disturbance.

A Conflict Possible Between White and Colored Laborers—The Federation of Trades to Take a Hand.

Special to the Leaf-Chronicle.]

CHATTANOOGA, TENN., June 25.—The old Chicamanga battlefield is again the scene of disturbance, and blood may flow as the result. The trouble is one of labor. The contractors agreed to furnish unskilled labor at \$1.10 per day, and recruited negroes from Alabama, for whom they built shanties and rented them at a great percentage, and compelled the laborers to buy from the commissaries.

There were upward of a hundred negroes employed, and it is asserted that the contractors, by their commissary system, were clearing fifty cents a day off of each laborer, besides a net profit of ten cents a day on the laborer. Not satisfied with this, they informed their men that but eighty cents a day would be paid. Half the negroes quit. The more ignorant and those who were indebted to the commissary remained.

The white men employed took up the case of the strikers and threatened violence to the men at work, and the contractors purchased in this city a lot of rifles and distributed them among the men who remained at work and armed their foreman. Gen. Stewart, directly in charge of the improvements in the Chicamanga National Park, is angry at the treatment of the negroes, but has prevented by his coolness an attack on the eighty cents-a-day men. It is thought that the Federation of Trades in this city will take some action in the matter.

A. E. STEVENSON.

Democratic Nominee for Vice-President.

The greatest cut of the season is now on at Simon Katz's. He will give you choice of a good stock of ladies' and children's hats at 25 cents each. Go there and investigate. j20kds-w1w

## A Fox Commits Suicide.

Jno. Lowe is in town to-day and reports that a few days ago he found a red fox near Idaho Springs that had committed suicide in a novel way. The fox had attempted to jump a paling fence. The palings were very close together and one foot had been caught between them in such a way as to hang Sir Reynard head downward, and in this condition he died.

## BEE LINE PROJECT.

Promoters See Their Way to Begin Work on the New Road.

Special to the Leaf-Chronicle.]

LOUISVILLE, June 25.—The Belt Line project, which has been on foot for several years, seems to be progressing toward completion. The company is known as the Louisville Terminal Railway, and will make a semi-circle of the city, taking in the various parks. The route was surveyed some time ago, but it is only recently that the promoters see their way clear to push it to a finish. The company has been concerned mostly with floating the bonds of the corporation, and it is understood that this has been pretty well done. The line will have switching facilities with all roads which it will cross. Mr. T. C. H. Vance, one of the principal promoters, said that while the line would be built largely to encourage the location of manufacturing plants, still every convenience would be made for the local traveling public. It is possible that the line will be equipped with electricity to handle the passenger business between the parks and the East, South and West ends. Work will be begun some time in the near future.

## FATAL HEAT PROSTRATION.

Death at Danville, Ky., From the Effects of Sunstroke.

Special to the Leaf-Chronicle.]

DANVILLE, KY., June 25.—Rev. W. Y. Sheppard, rector of Trinity Episcopal church of this city, died yesterday afternoon at 6 o'clock, after a week's illness. He went to Lexington last Saturday to preach for Mr. Ward, and was prostrated by the heat on the streets of that city. After being unconscious for hours, he was brought home Monday evening, and it was thought that he was improving until about noon to day, when he began to sink very rapidly. His remains will be taken to Richmond, Va., his former home, for burial. A widow and three grown children, two daughters and one son, survive him. His son, Allen, now lives at Richmond, Va. Mr. Sheppard had been in charge of parishes at Richmond, Harrodsburg and Somerset, Ky., at Albuquerque, New Mexico, and other points, and was one of the most beloved ministers of the Episcopal church.

Remarked by R. C. Joiner, of Allen P. O., Hillsdale Co., Mich.: "Nothing gave my rheumatism such quick relief as Dr. Thomas' Electric Oil—believe it infallible for rheumatism." Sold by T. H. H. Drug Company.

## Will Not Meet in Clarksville.

The eleventh annual meeting of the Tennessee Bar Association will be held at the newly opened Four Seasons Hotel, Cumberland Gap, July 20-22. M. M. Neil, of Trenton, is president, and A. D. Marks, of Nashville, is secretary. This place was chosen by a central committee of five, after the secretary had read a personal visit and found the hotel admirably suited for the meeting. We believe that the cave would have been found just as well adapted to the meeting, and hardly put that place in nomination for next year.

Simon Katz, in order to clear out his stock of ladies' and children's hats, will give any person choice of his stock for 25 cents. j20kds-w1w

## A Unique Toy Horse.

Wm. Boyd, the colored carpenter, has displayed decided skill in the construction of a miniature horse, complete in all its details. He presented it to the children of Mr. Matt Gracy as a play-horse.

Science can not produce a better remedy for all malarial diseases than "C. C. C. Certain Chill Cure." Pleasant to take. Guaranteed to cure Chills and Fever. Sold by Owen & Moore.

## Make It Unanimous.

A gentleman said at Guthrie last evening that Cleveland would be elected by such an overwhelming majority that Harrison would move to make it unanimous. It looks very much that way now.

Simon Katz will sell his entire stock of ladies' and children's hats at 25 cents each. Your choice for that week. j20kds-w1w

## Jno. F. Shelton for Governor.

Some of the Wheeler brethren of Clarksville are pushing Col. Jno. F. Shelton for governor.

## FOREIGN MISSIONS.

Annual Meeting Women's Missionary Society of Kentucky.

Greatest Interest Manifested in the Annual Reports of the Officers—Election of Officers For the Year.

Special to the Leaf-Chronicle.]

NICHOLASVILLE, KY., June 25.—Great interest has been manifested here during the past week in the annual meeting of the Women's Missionary Society of the Kentucky Conference, M. E. Church, South. About eighty delegates and visitors were in attendance. The annual missionary sermon was preached by Rev. C. F. Reid, a returned missionary from China. An evening was devoted to the Scarritt Bible and Training School at Kansas City, Mo., and to the general work in foreign lands, the addresses being made by Miss Polk, Miss Wilson and Rev. Reid.

The organization was effected and the regular business began Monday, Miss Belle H. Bennett, of Richmond, presiding, with dignity and grace, with Mrs. Frieheart, of Millersburg, and Mrs. Nugent, of Carrollton, Secretaries. At night the address of welcome was made by Mrs. Rev. B. F. Cook, of Nicholasville, and responded to by Mrs. Nugent. Mrs. Cosby, of Cynthiana, then followed with the annual address to the Conference.

Business sessions were held in the morning and afternoon of Tuesday, and at night a charming entertainment was given by the Juvenile Society of Nicholasville, under the management of Mrs. J. B. Steare. This was followed by a short address by Miss Gibson, the newly appointed principal of the Scarritt Training School.

The reports from the secretary and treasurer made a fine showing of this noble work of woman for woman, \$3,000 having been raised and expended during the year by this society and in the foreign mission work. But still the demand comes for more woman missionaries, medical aid being especially desired in China.

Miss Wilson, of Chihuahua, gave a number of very interesting talks about her school and the work amongst the Mexicans.

Harrodsburg was chosen as the next place for meeting. Miss Bennett was elected president for the ensuing year; Mrs. Trueheart and Mrs. Cosby first and second vice-presidents; Mrs. Nugent, recording secretary; Mrs. V. B. Noland, treasurer; Miss Sue Bruwinski, superintendent of Juvenile Work; Miss Emma Tucker, conference organizer.

## A Safe Remedy.

When a person is sick they wish more than anything else a restoration of health. They are willing to take even nauseous medicine in order to get well.

With many, however, a first consideration is whether the medicine is perfectly safe. Will it or will it not leave any evil after-effects? Now, there is one remedy known to be certainly safe. It is a botanical discovery, and it is called Botanic Blood Balm, or B. B. B. It will not harm the most delicate constitution, nor will it discontinue cause a craving for its further use. It is sure antidote for poison in the blood. The blood becomes poisoned in various ways. Constipation, urinary difficulties and other causes of effete matter remaining in the system will cause blood impurity, or blood poison, as many call it. Symptoms of blood poison should not be neglected. B. B. B. should be taken at once. It will cure promptly, and is not bad to take, nor will it leave any evil after-effects.

J. D. Watkins, Blakely, Ga., writes: "Old sores covered my entire person and itched intensely night and day. For several months I could not work at all. I commenced the use of Botanic Blood Balm and began to grow better the first week, and am now as well and well free from sores and itching and at work again." For sale by Owen & Moore.

## Candidates At Work.

There is an army of candidates in the city to-day and they are making much of the chance they have to elbow the "dear people." At the court house this morning every other man you would meet was a candidate.

Having given up the agency for E. P. Reed & Co.'s fine shoes, we offer the entire stock at cost to make room for another line.
